Mrs. Coleman's News

Very well done to the boys and girls for being amazing 'Problem Solvers' this week – ask your child about the exciting investigations they have completed as part of their Science learning. A gentle reminder that Parents' Evenings will be taking place after school next week. Please ensure you have arranged a time to meet with your child's class teacher. Your child's teacher and the office team are able to help with School Spider each morning or afternoon. The end of term meeting is a very important opportunity to discuss your child's progress and ways you can support your child at home, over the summer holiday. During the meeting you will receive and can discuss your child's annual school report.

Attendance

Our attendance target is **96%**
Our whole school attendance total to date is

**SCHOOL ATTENDANCE &
PUNCTUALITY
EVERY DAY COUNTS**

Digital Stars

A huge "well done" to our LKS2 Code Club who have worked so hard at Northmoor Library this term. They have been using Micro bits and Spheros and have represented Northmoor beautifully. Well done to you all!

Word of the Week

This week has been a curriculum week with a science focus. We have been busy discussing the phrase 'Problem Solver'. Together we looked at how we often solve problems without realising we are doing so! The children have all been busy being problem-solvers in their classes this week.

Ms. Beesley Says...

End of Day Arrangements

All after-school clubs have now finished for the year therefore **all children must be collected at 3:20pm daily**. Please be punctual collecting your children, being picked up late not only impacts on staff undertaking their duties but can also cause distress to the child. We understand that emergencies occasionally arise and appreciate that this can lead to the late collection of children. In this event it is essential that you let school know as soon as you are able to. Thank you for your understanding

What's been happening this week?

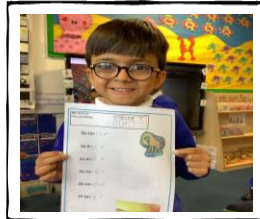

Nursery

This week in Nursery we have been reading the book 'The Very Greedy Bee'. We even tried some yummy honey. In Maths we were sorting 3D shapes. We went on a minibeast hunt to see what we could find.

Reception

In Reception this week we have been reading the story 'Giraffes Can't Dance' We have been thinking and writing about what we are good at. In maths we have been using the number lines to subtract.

Year 1

During "Be an investigator" Curriculum Week we have been investigating which material would be the best to make a new bridge for a King's castle. Ask me what we found out!

Year 2

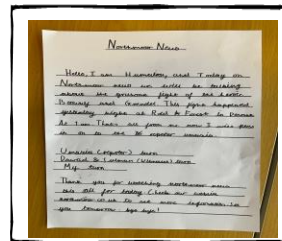

In Year 2 we have been writing an information text about seashores from the past. We have learnt lots of interesting facts about what it was like. Why not ask me about it? In maths we have been learning about capacity.

Year 3

This week Year 3 have been super investigators during our Science curriculum week. We have been exploring ways to bend light in order to light up King Tut's tomb in the pyramids. Ask us all about the different ways we have bent light!

Year 4

This week in Year 4 we have been working hard on converting units of measure. We have also been preparing news reports about the death of the monster Grendell in the story of Beowulf.

Year 5

This week Year 5 have really enjoyed exploring liquids of different densities. We have also been busy writing biographies and exploring mass in Maths!

Year 6

Year 6 have been busily preparing for our Northmoor Summer Fair, which takes place after school next Friday in our school hall. We'd love for you to join us for food, drink, games, crafts and FUN!

Stars of the Week

Reception Ruby- Hassan for super subtracting!

Year 1 Sapphire – Maria for learning how to spell lots of tricky words.

Year 1 Jade – Andreea for being a great friend to everyone!

Year 2 Pearl – Safa for always tackling a challenge with a smile and a positive attitude.

Year 2 Topaz –

Year 3 Coral – Ibrahim for excellent teamwork and resilience during our water polo competition.

Year 3/4 Garnet – Saim for always trying his best.

Year 4 Amethyst – Daisy for a superb double page spread on a new monster for Beowulf to fight!

Year 4 Citrine – Tamema for exceptional leadership skills

Year 5 Jet – Sienna for her super persistence in PE

Year 5 Zircon – Moiz for some brilliant questions during our investigations.

Year 5/6 Tourmaline – Mehrab for having a positive attitude towards learning!

Year 6 Onyx – Tahseen for always doing the right thing, with enthusiasm and positivity!

Year 6 Aquamarine – Ashley for her wonderful artwork.
